Wall Portraits

You can display wall portraits in many ways. They can hang individually to create a central focus in your room or can be used as an anchor point in a grouping. Depending on how you wish to display, the size of the wall will determine the finished size of the photography. We will help and advise you on the best size photograph for your space.

Size	Print	Canvas*	Framed Canvas Black Float Frame
11x14	\$125.00	\$175.00	\$225.00
16x20	\$295.00	\$395.00	\$470.00
20x24	\$375.00	\$475.00	\$575.00
24x30	\$425.00	\$525.00	\$625.00
30x40	\$525.00	\$625.00	\$725.00

*Art Canvas photographs are portraits applied to a stretched artist's canvas. They pick up the canvas texture, creating an additional art appeal. Humidity affects canvas portraits and canvas naturally tends to bow like a real painting at times. This is a normal occurrence which you should be prepared for.
